Alex Fishman

President, ADF Engineering

Dear Alex,

We at Eurand/Aptalis have enjoyed a ten year relationship with ADF Engineering. Eurand/Aptalis is pharmaceutical manufacturing plant and ADF has been sensitive to our highly regulated environment. We relied on your accuracy with 3-D modeling of one dryer upgrade and another new dryer installation in a very congested space. ADF's creativity with structural design created a magnificent break room as part of our latest building expansion. Throughout, ADF has been cost effective and innovative. They are a partner to our organization.

ADF is a professional and yet friendly team that is a pleasure to work with. I hope to continue our successful collaboration in future projects.

Best regards,

A handwritten signature in black ink that reads "Steve Duckro". The signature is written in a cursive, flowing style.

Steve Duckro

Senior Manager, Process Engineering

Aptalis Pharmatech (formerly Eurand)
