-- FOR IMMEDIATE RELEASE --

Joseph Madren Joins ADF Engineering as a Business Development Executive

Nov. 18, 2019; Miamisburg, Ohio - ADF Engineering is pleased to announce that Joseph Madren joined the company as the Director of Business Development in Miamisburg, Ohio.

As director, Joe will execute ADF's long term growth strategy by commercializing new engineering solutions, expanding engineering services, and assuring client satisfaction. Joe has nearly 20 years of experience as an organizational leader in advanced manufacturing, packaged solutions, and process automation for various industrial clients. His experience helping companies around the globe solve their process challenges will be a great asset to ADF and our clients.

In his spare time, Joe is an adventure racer, outdoors enthusiast, and enjoys time with his family.

Join us in welcoming Joe to our growing ADF team!

###

ADF Engineering is a leading provider of process engineering and facility engineering solutions for a variety industries. We have a reputation for providing cutting edge, high quality and cost-effective engineering solutions to industrial clients throughout the United States. We understand that every project is unique, therefore, having a strong set of core competencies combined with experience is essential to our success. ADF has assembled a sizeable team of extremely talented engineers in all critical engineering disciplines at two strategic U.S. locations.
